BEST EXFOLIATING SPA CLEANSER

Babor Enzyme Cleanser, RM200

Why we love it: Not your usual cleanser, this one comes in a finely grained powder formula that stimulates skin regeneration. It effectively removes dead cells and impurities, enhancing absorption of skincare and keeping the complexion free of blemishes.

Did you know? Infused with vitamin C and enzymes, it helps improve collagen production, combat dark spots, and refine the complexion with an oxygen boost. Just emulsify a walnut-sized amount of the powder with cool water, then gently massage the foam into skin for a purifying treat. For more information, call the customer service hotline: 03-7880 1094. Visit Babor's Facebook page at Babor Malaysia.
