The BABOR Thermal Spray, RM250 (200ml) is a must-have item for any beauty kit as you can keep your skin moisturised, refreshed and soothed with just one spray over your face. Containing active ingredients with no alcohol such as thermal spring water from Aachen, elsberries and zeolite, a volcanic mineral, it promises to remineralise, purify and firm the skin, providing you with a spa experience in just one bottle. It can also work as a toner, making it the perfect complement to your daily skincare.
